

Chemical Hygiene Plan Certification and Annual Review Form

Certification

The Laboratory Chemical Hygiene Officer (CHO) and Principal Investigator (PI) certify that this laboratory-specific Chemical Hygiene Plan (CHP) and associated documentation is accurate, effectively providing a guideline for controlling exposures to hazardous chemicals during the laboratory scale use of chemicals by employees and students.

Principal Investigator:

|---------------|------------|-------|
| Printed Name: | Signature: | Date: |
|---------------|------------|-------|

Laboratory Chemical Hygiene Officer (If different than the Principal Investigator)

| | | |
|---------------|------------|-------|
| Printed Name: | Signature: | Date: |
|---------------|------------|-------|

Annual Review and Updates

As noted below, an annual review of the laboratory-specific Chemical Hygiene Plan (CHP) is conducted to ensure that the document continues to effectively provide guidelines for safe practices while using chemicals in the laboratory. **If needed**, changes are made to the CHP in order to reflect current information regarding the safe use of chemicals and the control of chemical exposures.
