

Satellite Accumulation Area Inspection Log

Waste Storage Area: _____ MONTH: _____ YEAR: _____

Room: _____ Building: _____

Each SAA must be inspected each week to ensure all of the following:

- incompatible wastes are not stored together and containers are not more than one wide against walls of the area;
- waste containers are not rusting, leaking, or bulging; and
- aisles are clear (at least 36" of aisle space where possible).

Inspections must include the date, time, and name of the person conducting the inspection.

DATE / TIME / SIGNATURE **YES NO**
